### 5 YEARS AGO, WE HAD A DREAM

Our journey began in June 2015, when Dr Rekhapalli Srinivasa Rao along with Mrs. Sri Subha Rekhapalli started their journey on Sustainability and Business Excellence Consulting.

## REST

Before starting up his venture, Dr Rekhapalli Srinivasa Rao was working with one of the world's largest and respected risk management organization and was groomed as an assessor, trainer & technical expert in many management areas like Quality, Environment,

Occupational Health & Safety, Strategic Planning, Human Resource and Project Management. He has honed his skills in change management – a positive change.

With further maturity, he started moving from micro to macro, technology to business, the process to people, problems to solutions.

This leads him to the new road of entrepreneurship in 2015 by starting an advisory & consulting organization that was fundamentally built to provide customized solutions to the organization's business risk.
