About Us

Environment, Health and Safety is the regulations that are designed to protect the environment, safety and health of employees which enables companies to conduct business in an environmentally responsible manner. Rekhapalli Environmental Solutions and Technologies was established in 2017 as an environmental, health and safety consulting organization serving public and private clients across the Nation, located at Vijjeswaram, East Godavari district, Andhra Pradesh. The inception ideology of the organization was Health, Safety and environmental compliance which will be a major hurdle for any industry if not in control of pollution. REST was recognised as a "Start Up" company in year 2018. Received best start-up company in year 2019 from "India Start up 500 Award". Become a member of Indian Green Buildings Counsel in year 2020.

Industrial trainings on Process Safety Management, Behaviour based Safety, safety orientation, Safe systems of work, Permit to Work, Hot work Confined Space, Firefighting and First aid, are giving by expert trainers. A new methodology was developed by Rekhapalli Environmental Solutions and Technologies in association with Environmental Protection Society (member of APCZMA by MoEF&CC, Govt.of India), Kakinada, is the Green Campus certification process by calculating eco-score for any educational institutions and industries. A green campus is a place where the eco-friendly practices and education combine to promote sustainable and eco-friendly practices in the organizations. Our core capabilities are HAZOP study and Risk Assessments for process industries, Safety Audits as per IS 14489 standards, RCAs, Environment audit, Green and Energy audits for Institutions (Colleges & Universities), successfully have completed Green/Environmental/Carbon footprint& Energy audits for more than 60+ engineering, Pharmacy and management colleges all over India. Development of Open Classrooms, Green Campus Certification and pollution assessment for the Universities and Colleges. Environmental Impact Assessment for new and ongoing projects, Ambient/ indoor air quality monitoring, water, soil analysis, and noise monitoring, Hazardous and toxicological analysis. Safety enhancement programmes (SEP) for industries including Safety Orientation, Behaviour based Safety, Confined Space, Permit to Work system to improve their safety records, Due to the changing built EHS and the growing needs of Industrial Safety; it became necessary to broaden the services that could be provided by Rekhapalli Environmental Solutions & Technologies Pvt Ltd are Hazop and Risk assessments. Animal Lifter device which is a patented equipment is our first product manufactured in Agri-sector.

The establishment consists of Professors, Scientists, doctors and engineers, as well as we collect Innovative idea generations, R&D by the young minds from colleges for their projects.

REST Pvt Ltd has continued to strive towards conducting Safety audits and Risk Assessments to enhance industrial safety, practise offering our clients the specialist individual attention and solutions required by an ever-changing project environment. REST Pvt Ltd sees teamwork on every project as the key success element and is responsible for creating this environment.

REST Pvt Ltd believes in a hands-on approach on all projects. Some of the major clients served by REST are Jawaharlal Nehru Technological University, Kakinada, A.P, (REST provided Bio-diversity report, Open Classroom, Green Campus certification, developed Nakshatravanam and Thermal & Mechanical engineering Museum, Designed a Sewage Treatment Plant), JNTUH (Manthani), Aditya College of Engineering, Surampalem, A.P which took Pollution Assessment & Certified as a Pollution free campus, JNTU Narasaraopet, A.P with Nakshatravanam and Mini Gokulam Project, Govt. of A.P. And more than 40+ engineering, management and pharmacy colleges in all over India. "As an establishment and teamwork, we overcome challenges by making MoU with Navega Enviro Engineers which is MoEF&CC approved laboratory, ISO-9001-2015, ISO-45001-2018 consulting company, Hyderabad, Telangana State. The firm is backed up by up-to-date Professional Engineers, Professors, Scientists and doctors' group, which can be extended to cover risk on any size project.

Vision

Our vision is "Service to Society through green technologies"

Values

- Practical, value-added solutions.
- Technical excellence and quality work.
- Supporting our profession, our industry, and our communities.
- Hold paramount the safety and health of employees, our clients, and the public.

Mission Statement

Our Mission is to Protect and improve environmental quality, conserve resources, promote sound waste management, and encourage green canopy — all in a sustainable manner. As professionals, we seek to achieve these goals through education, experience, and the application of technology.

Services

Being a Safety & Environmental consultancy, REST Pvt Ltd offers a wide range of Safety, Environmental and Technical services.

These include:

Environmental services:

- Ambient and Indoor air quality monitoring
- Analyses of Steels, alloys & mineral ores
- Bio-diversity reports to institutions and industries
- Development of Green Belt
- EIA & Pollution Control Services
- Green Audit, Environmental Audit & Pollution assessment
- Microbiological analyses of water and food products
- Noise level monitoring
- Hazardous and toxicological analyses
- Waste Management Programs
- Plantation of Nakshatra Vanam
- Soil sampling and analyses
- Water analyses

Technical services:

- Behavioural Based Safety, PSM
- Developing on site/off site emergency preparedness, Mock drills
- HAZOP study and Risk Assessment for Process Industries
- Industrial Safety Audits as per IS 14489 standards
- Root Cause Analysis for Process safety & Environmental Incidents
- Firefighting and First Aid trainings
- Safety Enhancement Programs (SEP)
- Safety Orientation, Confined space, hot works, Permit to Work

Experience

REST Pvt Ltd has a combined professional experience members. Dr Rekhapalli Srinivasa Rao, Chairman & Managing Director, having 28 years of rich experience in Fertilizers (NFCL, Kakinada), Oil & Gas industries (Overseas, Qatar). He achieved his Doctorate in Environmental Sciences from JNTUK University, Kakinada. He received Indian Patent no. 411812, for his PhD. He published 6 international papers in various International Journals, presented 4 international and 2 national conference and attended more than 50 workshops in Safety & Environmental issues.

He is Certified Lead Auditor for ISO-14001:2015 Environmental Management Systems, bearing certification no: 2106170721010113. Lead Auditor in Green, Eco and Energy audits. He is a Fellow member of International Congress in Environmental Research (F/131/16), Nagpur. Silver member of American Association for the Advancement of Science (AAAS), USA, and member of IOSH. Dr Rekhapalli is a member of World Environmental Council.

He played a major role while developing a concept of behavioural based safety, and having high level skills of root cause analysis concepts in industries.
